The October Meeting

The October Meeting was held as scheduled.

The Boring Talking Part

Yet again, more discussion about the possibility of a new location took place. Tom Hourigan reported that there was no update on the matter.

In planning for our upcoming show, President James said that we would meet at our regular time on Wednesday, November 2nd and would load the modules at that time. Set up would then be on Friday, the 4th. We will meet at the club house at 4:00 to pick up accessories and any additional equipment. The "Two Lous" will drive the modules to the Senior Center, planning

on arriving at 5:00. Dick Malon will be in charge of arranging the room. President James also asked that each member bring one piece of scenery to

decorate the layout. He also asked that members remain after the show to help tear down and return everything to the clubhouse. As of this writing, only 4 tables remain available.

The Not-So-Boring Talking Part

Don't forget our Christmas Party at Eggerdings on Sunday, December 11th.

Speaking of Trains

The following trains were on the track:

Robert Singer brought a stunning Santa Fe Blue Goose passenger set; Hank Stoltz ran a Pennsylvania Post-War passenger set with an MTH steam engine whose smoke would have set off a smoke alarm had we had one; John Leland treated us to his Civil War Abraham Lincoln passenger set. Don't forget to bring your special set to the next meeting.

The Next Meeting

The next meeting will be held on October 5th promptly between 7:00 and 7:30.
